# APF Platform Transport Platform

[www.selectplanthire.com](http://www.selectplanthire.com)

**3,500** kg

**3.0 to 7.5m**

**APF Large Transport Platform.**  
 Please request additional information as this  
 bespoke platform requires. The following data is  
 for advice and special application designs are  
 available upon request.

CAPACITY	Metric
Payload capacities:	3500 kg
Average speed up/down at rated payload:	0,24 m/s
DOL control	200 m
Max. lifting height with std. accessories:	200 m

CAR WEIGHT	
Car weight. Erection crane excluded	5700 kg

ELECTRICAL DATA	
AC squirrel cage electric motor	2 + 2 pcs. 11 kW
Power supply	400V 50Hz
Power supply fuses	125 A
Power consumption	84 kVA

DIMENSIONS	
Internal width:	3m to 4.4m
Internal length:	3m to 7.5m
Internal min. height:	3m
Local door opening width:	3.0 to 4.5m
Door opening height:	3.0 to 4.5m
Mast section length:	1.508 m

CONTROLS	
Operation:	Cage Operated
Separate power voltage:	230V AC / 110V AC
Control circuit voltage:	230V AC
Motor control:	Direct On Line (DOL)
