

Certificate of Registration

ENVIRONMENTAL MANAGEMENT SYSTEM - ISO 14001:2015

This is to certify that:

Laing O'Rourke Plc
Bridge Place
Anchor Boulevard
Admirals Park
Crossways
Dartford
DA2 6SN
United Kingdom

Holds Certificate Number:

EMS 53519

and operates an Environmental Management System which complies with the requirements of ISO 14001:2015 for the following scope:

Please see scope page.

For and on behalf of BSI:

Andrew Launn, EMEA Systems Certification Director

Original Registration Date: 2000-01-25

Latest Revision Date: 2020-11-30

Effective Date: 2020-12-05

Expiry Date: 2023-12-04

003

...making excellence a habit.™

Certificate No: EMS 53519

Registered Scope:

The provision of building and civil engineering contracting including design and building contracting, construction management, management contracting, facilities management and project management including but not limited to; airports, building structures, bridge works, marine, power, rail, oil, gas, water and roads. Design, procurement, construction and commissioning of water/sewage treatment works, water/gas distribution and transmission pipelines, water/sewage distribution networks and their rehabilitation including the use of epoxy resin lining and in-situ resin lining rapid set, semi-structural and polymetric lining.

The design, manufacture and erection of structural pre-cast, pre-stressed concrete and pre-stressed hollow core products, including reinforced and unreinforced.

Products include columns, beams, wall panels and floor slabs. Design and provision of building and engineering services incorporating electrical installations, plumbing including public health, control and instrumentation, mechanical HVAC, process installation, specialist gases, voice/data communications, fire alarms and sprinklers.

General fabrication embracing structural steelwork, access steelwork, tanks and panels and offsite modular manufacturing.

Pipework in modular and non modular form to include spools and conduit assemblies, general steelwork, bracketry and hangers, railway installations. Electrical racking fabrication.

Building, civil engineering and demolition contracting incorporating the procurement and management of design services for permanent works.

The design of permanent and temporary works for demolition, civil engineering and building projects. The demolition and dismantling of buildings and structures. The design, construction and testing of bored and driven cast-in-situ concrete piles, driven preformed piles, steel sheet piles, ground improvement and diaphragm walls.

The hire, design and installation of cranes, hoists, hoardings and site accommodation units in addition the hire of mechanical and piling plant/equipment. The provision of operators for cranes and mechanical plant as required.

The provision of fleet, plant movement and temporary work services in addition the management of communications equipment.

Hire and design of non-mechanical plant. Fabrication, hire, sale of lifting equipment and accessories. The management, thorough examination and testing of the lifting equipment.
